

University of West Florida
College of Professional Studies
Division of Engineering and Computer Technology

Career and Technical Studies, B.S.
Teacher Education Specialization

The Career and Technical Studies/Teacher Education Specialization offers training in vocational teacher education. The teacher education sequence prepares students to work in career academies and career institutes at the high school level. Completion of this program will result in a BS Degree, Career and Technical Studies, with a Teacher Education Specialization. Certification in vocational education in Florida is granted by local school districts. Documented minimum of 2 years of full-time work experience is required.
