---

## *Nursing, B.S., RN-BSN*

The University of West Florida nursing program prepares students to become clinical generalists who are leaders, managers, and lifelong learners. The role of the nurse is one that requires critical thinking, communication, independent judgment and familiarity with social, political, cultural, ethical and economic issues that affect health care and the nursing professional. Students learn to integrate research findings into nursing practice. This 100% online program track is open to RNs who hold current licensure (via ASN or diploma) and an associate degree from a junior or community college, or completed the General Studies curriculum. The UWF Nursing program is accredited by the Commission of Collegiate Nursing Education (CCNE).
